Your friend from Germany has just written to you about her favorite book. In her e-mail, she asked you about your favorite book. Write an e-mail to your friend telling her about your favorite book. You must develop briefly all of the following points below:

- Describe the plot of the book
- Say why you like it
- Say why you think she should read it

You should start your e-mail with: Dear Anja,

You should finish your e-mail with: Talk soon, (your name)

Your e-mail should be between 80 and 100 words

Opening paragraph: Say why you're writing the letter

Dear Anja,

It was nice to hear from you. The book that you read sounds fantastic. Let me tell you about an amazing book, too.

Body paragraph: Include all the bullet points

Well, the book that I like is called 'Shy Sue' and it is written by Mary Hidson. It is about a young girl who spends her first holiday in a sports camp without her family. Two older girls start bullying her and she feels terrible but she doesn't give up.

I liked that book because it helped understand the behaviour of some of my classmates.

I think you should read it because I know you had problems with one girl in volleyball club. This book will help you.

Talk soon,
Tonia
